

TNS360 Associates Program

Reduce your customers monthly phone bill by as much as 60% and make up to 20% monthly commission for each Endpoint (Seat) every month.

That's right just keep reading we said Monthly Recurring Income!

Companies across the country are constantly looking for ways to lower costs and / or increase productivity. One option is to update their phone service to VoIP. With VoIP, there is a reliable technology who's time has come. As it will only get better and more customized to the user experience because of the continued investment in the technology and the applications it can serve for small, medium and enterprise level businesses.

When you have an incoming call through VoIP the callers information is sent along with the Caller I.D. information allowing you to know everything you need to know at your fingertips. Caller ID routing .is when an incoming callers ID is read by the PBX and routed to the appropriate person inside your company.

Why does this matter?

Well, for one low flat monthly rate they ill receive 21st century features such as the ability to connect to all of their remote offices, anywhere in the world as a no cost extension to extension call (that means no more long distance charges). Your customer can add faxing solutions; follow me, private conference bridges and much more. Not only that but by switching to VoIP they save as much as 60% on their current monthly phone bill, while keeping their existing phone number(s).

Why it should matter to you?

By being an active TNS360 Partner, y will receive an 18 to 20 % monthly commission, every month, for every unlimited domestic line (Calculated on \$26.50 P/ST). That's right, for each phone line you convert to TNSPBX, we will pay you \$4.75 to \$6.75 every month. Customers have the option to purchase new equipment or keep their existing phone systems, making it even easier for you to convert them to TNSPBX.

Still not impressed?

Well then, let's do the math: based on the \$4.75 p/endpoint

100 lines \$475.00 Per Month = \$5,70 Per Year

500 lines = \$2,375.00 Per Month = \$28,500 Per Year

1,000 lines \$4,750.00 Per Month = \$57,000 Per Year

5,000 lines = \$ 23,750.00 Per Month = \$285,000,000 Per Year

Don't miss the boat! Hop on board and start growing your business fast with **TNSPBX recurring revenues**. Your customers will be pleased with their savings, and you will love your increased earnings.

“Silver Lining” Associates Group

Some of our Dealers handle the maintenance and customer service direct to the end user. They are our Silver Lining Associates. They have a portal into our network /software that lets them control the VoIP network from their own offices for their customer and make more money on a monthly basis per Endpoint. Through our management portal, “Silver Lining” Associates control the service and features on every phone in the customers network allowing them the ability to conduct troubleshooting, services, and conduct adds, moves and changes for even more points

Building on the Customer / Provider relationship for future revenue potential as well as giving you better control over the customer's service interaction. TNS will support you and get directly involved when you need.

Now lets review.

- Control over customer service experience.
- Saving the customer money on their monthly bill.
- Making a monthly recurring commission on the services.

What could be better than saving your customers money and also making money on that same customer monthly.

You deserve it we know our partners work hard for there customers.
